
WHAT IS THE COST?

HOME SUPPORT
IS PAID FOR BY THE CLIENT

Most insurance companies and Medicare will not pay for these services unless additional nursing care is provided. Then these services may be provided at no expense since the client may meet the qualifications and guidelines for the services. Our nurses can help determine this during the assessment visit.

WHO QUALIFIES?

ANYONE WHO LIVES IN PIKE COUNTY CAN RECEIVE THESE SERVICES IF THEY FEEL THEY NEED THE HELP, REGARDLESS OF AGE OR HEALTH CONDITION

What is it?

Pike County Health Department's philosophy and goal is to help Pike County Residents maintain optimal health while remaining as independent as possible within their own home. For those persons who need assistance to safely stay in their home and who do not qualify for home health, the Pike County Health Department offers the following services:

- Professional nurse to provide case management. (Nursing assessment, medication assistance, identification of health problems, referral to appropriate agency.
- Home safety assessment and recommendations.
- Blood draw for lab tests.
- Toenails and fingernails trimmed.

- Medication box set up weekly.
- Prefill insulin syringes.
- Diet education by dietitian.
- Homemakers to provide housekeeping, laundry, grocery shopping, or personal care, including bathing, shaving, or shampoo.
- Pulse Oximetry.
- Blood Glucose Monitoring.
- Flu immunization.
- Other services available upon request and with administrative approval.

How Does it Work?

Anyone can call and request this service. A registered nurse will come to the home and assess personal needs and wishes. Then, depending on the client's need, our professional staff can provide nursing services, homemakers, or make a referral to an appropriate agency.

Most people, particularly the elderly, need a little help to be able to stay in their homes. By asking for help early, they or their caregiver can have a better quality of life and stay in their home longer.
